

Dear Boulder Canyon Owner,

On April 10, 2018, the Board, the Gate Committee, and Paul Ash Management hosted a town hall to discuss the possibility of installing gates at both the front entrance and the side entrance by building 10. At the meeting, the Board agreed to send out a survey to all owners and invite feedback as to whether owners would be in favor or against gates. Now is the time! The survey will also be mailed since not everyone has access to email.

We understand that not all owners were able to attend, so the information presented and discussed at the town hall have been made available below:

- The questions asked and the answers provided were documented. Please click here to view the [town hall presentation summary](#) as well as the Q&A
- The costs associated with gate installation and maintenance were also discussed and presented. Please click here to view an [estimate on cost](#).
- Finally, a sample policy was handed out to show owners what an access policy could look like if gates were approved. Please click here to [view the sample policy](#).
